

Homework: Banners

Navigate to TPT. Click on My Account

Click on "Store Profile". Scroll to the bottom and click "edit".

Use Google Shortlink to create your url links: one for your gif and one for the location you want to send people to who click on the banner..

Code for Quote Box Banner

```
<a href="https://goo.gl/your_link"></a>
```

Now that you have your quote banner set, it's time to work on your main banner and side banner. Use what you know about making images and uploading them to finish your store set up.

A few tips:

Side banner size: 568px wide x 734px tall

Store banner size: 706px wide x 90px tall

When you finish your homework, post your store link in the "Sell on TPT" Facebook group so we can check it out and give you a thumbs up!!

And a few reminders:

1. Save your image as a png to keep a transparent background.
2. Quote Banner Size: 400 pixels wide x 150 pixels tall.
